

LABORATORY EQUIPMENT, EMISSION CONTROLS AND CONTROL SYSTEMS THAT ARE AS EXQUISITE AS OUR SMALL-BATCH ROASTERS.

Probat equipment gives you the unlimited potential to stir your passion for specialty coffee. Our exceptional small-batch roasters are just the beginning. We also offer a variety of additional equipment to help you test a new roast, reduce emissions and achieve ultimate consistency. With the world's finest resources at hand, you'll be able to serve your customers perfection, cup after cup.

Laboratory and sample coffee roasters with 1, 2, 4 or 6 barrels

Moisture tester to determine moisture content of green and roasted beans

LABORATORY EQUIPMENT

Our variety of sample coffee roasters and analytical equipment allow you to test optimal roasting parameters on a small scale and transfer them to full-scale production. Experiment with new beans and specialized blends to determine your ideal roasting color, moisture content, flavor and more.

Colorette 4 measuring unit to gauge color and ensure consistency

Coffee cupping table for experiencing coffee aroma and flavor

Thermal afterburners to minimize emissions and smoke visibility

EMISSION CONTROLS

Our thermal exhaust air-cleaning systems and process-integrated energy recovery systems ensure efficient and compliant operations. Modular and dust-free system designs allow you to make enhancements easily when environmental codes change.

P/2 Series Pilot Roaster Shop Software

CONTROL SYSTEMS

Our control systems provide the assurance you need to grow your business while retaining control over your signature roasts. With Probat, you can define your roasting profiles, and then accurately reproduce them for a perfect roast every time with our Pilot Roaster Shop Software.

Probat is the world's most trusted name in comprehensive coffee roasting solutions. We deliver exceptional roasters, grinders, software, controls and more, that set the standard for quality, longevity and return on investment. With 150 years of experience in the art and science of roasting coffee, and unmatched resources in engineering, R&D, sales and service, Probat provides the most knowledgeable consultation, backed by premier installation services and remarkably responsive local support. Our commitment to excellence allows you to focus on the success of your business, for generations to come.
